

Technology News Source

[*TechRepublic: News, Tips & Advice for Technology Professionals*](#)

[*https://www.techrepublic.com/*](https://www.techrepublic.com/)

TechRepublic is an online trade publication and social community for IT professionals. It provides advice on best practices and tools for the needs of IT decision-makers. Founded in 1997 in Louisville, Kentucky, by Tom Cottingham and Kim Spalding, it debuted as a website in May 1999. The platform offers industry news, analysis, forums, job listings, and event information to help technology professionals stay informed and connected. Whether you're seeking insights on cloud security, AI, or the latest software releases, TechRepublic is a valuable resource for IT leaders and practitioners. If you have any specific questions about TechRepublic, feel free to ask!
